REMARKS

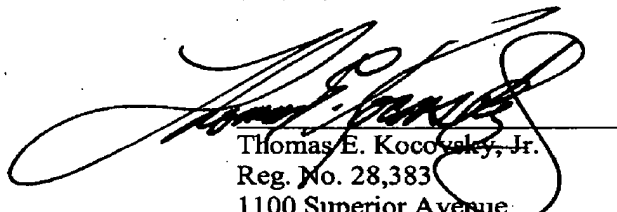

The applicant expresses their appreciation to Examiner Cheng for allowing the above-referenced patent application.

In a review of the allowed claims in anticipation of the payment of the issue fees, several minor errors were noted, particularly in the area of missing or improper antecedent bases.

It is submitted that pursuant to MPEP 714.16, this Amendment should be entered in its entirety. If, the Examiner believes that any portion of this amendment should not be entered, the applicants request that the Examiner enter the remaining portions under MPEP 714.16(e). Further, because MPEP 714.16 expressly permits Examiner's Amendment, the Examiner is invited to telephone the undersigned to discuss any adjustment to this amendment which the Examiner may deem necessary or appropriate.

Respectfully submitted,
